## LIGHTNING STRIKES FEDERAL BUILDING, DOING MUCH DAMAGE

One Block of Stone, Weighing Nearly 75 Pounds, Thrown Over 100 Feet—Cornice of Structure Shattered and Heavy Stones Moved From Moorings.

Last night, for the first time in several years, a bolt of lightning played havoc in the center of the city, striking the top of the Federal building and causing damage that will probably cause an expenditure of several hundred dollars to repair.

The lightning struck the building and one piece, weighing nearly 75 pounds and a large number of smaller splinters were thrown on the lawn near the building. One large piece was hurled 100 feet.

Much curiosity was caused by the splintered stone on the lawn this morning and many pedestrians stopped to see the sight.

An investigation made by Edgar A. Stevenson, chief clerk to Postmaster Brown, revealed the fact that the damage was much greater than it appeared from the ground.

Ten big blocks of sandstones, forming a part of the high coping around the roof of the building, and weighing several thousand pounds, had been loosened from their moorings. Two were turned on a bias from the way in which they were originally placed, several were cracked and splintered and the big stone on the lawn had been torn from the steel binders that held in position and, in falling, cracked a portion of the cornice. The metal binders showed signs of having been burned and the tin roofing that had been moored under the coping was bent and scorched.

On viewing the unusual sight, Mr. Stevenson said it was luck the same bolt did not strike a brick or frame building or there would have been "something doing."

The lightning struck the building about 11:30 o'clock last night, the crash being heard by the night post-office clerks, and a number of other people in the vicinity. At the same time, the lights in the postoffice were put out of commission and this morning it was found that the electrical equipment of the elevator had been burned out.

See the death-defying auto race in "The Diamond From the Sky" at the REX, last time tonight. Open 6 p. m.

STORES OF THE CITY  
ARE MAKING GREAT  
DISPLAYS

The merchants of Ogden this year departed somewhat from the decorative schemes of past years and the change is an improvement. In the past much time and money were spent in making interior decorations with autumn leaves, cut flowers, national flags and colored bunting, the outside of the buildings not being forgotten in these details, but this year there are but few inside decorations, the display windows being brought into bold relief in showing the goods the merchants have for sale. In nearly every instance, however, the outside of the business houses are sensibly and beautifully decorated with colors and flags that vie with the street decorations. The entire scheme of decoration in all parts of the business districts, places Ogden in gala-day attire.

The beautiful lines of goods and merchandise offered by the merchants of Ogden make a gorgeous display, and but little embellishment is required. The handsome displays of millinery, decked with pretty feathers and flower designs, colors in satins and silks at the dry goods houses, the new menswear in the men's stores, the furnishings, the latest styles in shoes, daintily tinted hosiery and every thing to meet the most fastidious fancy is on exhibition.

The hardware stores, butcher shops, grocery stores furniture establishments, eating places and all other business concerns of like nature have on exhibition their most attractive goods and wares. In many instances autumn leaves and flowers are used as window decorations, all giving a pleasing effect. The city is in its prettiest dress, the symbol of the harvest time and autumn beauty predominating.

In all departments of Wright's large department store were pretty displays of every description and all the floors were veritable displays of rare beauty. In the ladies' departments are displayed the latest lingerie, cloaks and suits. The same may be said of the displays in the stores of Last & Thomas, S. J. Burt & Brothers, Paine & Hurst, Horrocks Brothers and other places of the same character in the city. No pains were spared to place before the people the very latest designs in all lines and remarkably good prices are offered.

The Boyle and Ogden furniture companies furnished windows and inside displays are of the prettiest lines of furniture, rugs, stoves, beds, chairs, upholstered fixtures of every description, both costly and cheap.

In the shoe shops were the latest designs in foot wear both for men and women among those making special effort to make elaborate displays in this direction being the Walker people, McCune & Foulger and Brown-Carlson, Treseder company and others.

The clothing establishment of Fred M. Nye made an especial effort to display its stock of men and boy's clothing. In this store are to be seen all the latest patterns in suits and men's furnishings in general.

In the millinery stores of the city are to be seen the most handsome head dress for women to be found in any part of the country. In fact the hat displays are gorgeous and almost beyond description, and no woman need leave any millinery store of Ogden without finding a hat design desired.

The Watson-Tanner clothing house on Twenty-fourth street furnished

elaborate displays of men and boy's clothing, shirts, hats, shoes and all other furnishings in the line carried by them.

Tailor shops have on exhibition the latest patterns and suit goods, and they are offering the latest designs in styles.

The grocery stores are not outdoing the confectionery stands and drug stores, as in those establishments over the entire city are to be found the richest and best line of delicacies to be found anywhere. Drug store windows are especially attractive in their various decorative designs.

The R. & O. Quality shop on Twenty-fifth street is garbed in handsome gent's furnishings goods, the designs being of the latest styles and patterns in all departments.

In the implement stores and wholesale hardware stores are displayed the latest lines of farm implements, wagons, buggies, harness and all parts of farm machinery, from a monkey wrench to a threshing machine. The Geo. A. Lowe, Burton Implement and the Consolidated Wagon and Machine companies are foremost in their displays in this line.

The hardware stores of Watson and Flygare, Peery-Kinsely and others in the city have set out their finest array of cutlery, stoves, carpenter tools, and all other kinds of wares sold from such places.

The piano companies, machine concerns, oculists, dentists, doctors, cigar stores and all others have put forth the very best efforts to indicate what they can furnish the people at home.

Many of the merchants are imbued with the idea that the people must be shown what there is in Ogden to buy and to this end they are taking advantage of the Fashion Show.

EIGHTIETH BIRTHDAY  
CELEBRATED BY  
J. M. L. BLUTH

The eightieth anniversary of his birth was celebrated yesterday by J. M. L. Bluth, residing at 2636 Barlow avenue. His children, John V. Bluth, G. J. Bluth, Mrs. Mary W. Shreve and Anna C. Belnap, with their families met to do honor to their father and to celebrate the four-score mark. They made a happy party. Refreshments were served, music provided, old times talked over, including the celebration of his golden wedding anniversary three years earlier, held before Grandma had left him to continue the journey alone. One great grandchild was present. Little Hazel V. Ransom, granddaughter of President John V. Bluth, and almost all of the seventeen grandchildren were there to join in the festivities. Grandpa Bluth seems hale and hearty and appears to have quite a number of miles to travel yet before he reaches the end of his journey.

BABIES NUMBERING  
304 ARE BEFORE  
THE JUDGES

One of the most interesting and attractive features of the Fashion Show today is the baby exhibit at central park under the management of Judge A. G. Horn. At about 3 o'clock 304 babies of all nationalities, single and twins, handsome and otherwise, were presented to 30 judges who will pass on the question of beauty, physical condition and other points to determine which of all the babies are the best.

The entire park immediately north of the city hall, is being used in the contest, the grounds being surrounded with wire net fence. None but the judges and the babies and mothers, are permitted inside the enclosure, but the wire fence is taxed to its capacity to keep the surging crowd from breaking in. There are thousands of people craning their necks to get a glimpse of the "sweet little babies."

## Society

MEET TOMORROW.  
The Historical Society will meet with Mrs. A. B. Corey, 583 Twenty-sixth street tomorrow at 2:30 o'clock. Mrs. Joseph R. Morrell will have charge of the program and the subject for discussion will be "New Ideals in Charity and Ureology."

PARCEL SHOWER.  
Miss Florence West, 2217 Grant avenue, was hostess at a parcel shower last evening when a number of guests were entertained in honor of Miss Margaret Mattson and George Compton whose marriage occurs next week.

Mr. Raymond Wiggins presided at the piano and solos were sung by Miss Florence West and Miss May Scofield. Later the entire party was entertained at a dancing party in the Third ward amusement hall after which they returned to the West home where Miss Florence West and Miss Rita West served luncheon.

Those present were: Misses Margaret Mattson, Florence West, Lavine Petty, Iris Bowns, Clara Bowns, Margaret Wright, Martha Wright, May Scofield, Rita West, Elva Richardson, Messrs. George Compton, Raymond Wright, Raymond Wiggins, Francis Steele, Joseph Dies, Spencer Collins,

MRS. BURTON HOME.

Mrs. James F. Burton returned to Ogden this morning after a pleasant three months' tour of the northwest. The greater part of the time was spent at Tacoma, Wash., where Mrs. Burton visited her daughter, Mrs. L. W. Pingree.

SUDDEN DEATH OF ONE  
OF THE BEST KNOWN  
MEN OF OGDEN

Lorenzo Farr died suddenly at Tahoe Tavern, Lake Tahoe, Cal., at 5 o'clock this morning, a message to that effect having been received by Charles L. Farr, his son, and Isaac Farr, his brother, from Claude Farr, who was with his father at the time of death.

"Ren" Farr left Ogden on Wednesday, intending to take a trip to Honolulu and possibly to China, expecting to be gone three months. He was accompanied by his son Claude Farr. News of his death came as a shock to his family. The high altitude at Tahoe is thought to have affected his heart action, which had been weak.

A message late this afternoon stated that the body would leave Truckee on train No. 20 tonight and arrive in Ogden at noon tomorrow. Lorenzo Farr was born in Ogden. He was 56 years old and leaves six children, who are Charles L., Adrain, Ralph and Claude and Mrs. Isaac Russell and Mrs. Frank Tribe. He has a number of brothers. He was the son of Loren Farr, the first mayor of Ogden.

"Ren" Farr gained prominence lately as the discoverer of the rich zinc mines on Clomontary Point.

BILLY CLIFFORD'S NEW  
NOVELTY GOOD FARCE

Billy Single Clifford, in offering this season Ned Wadsworth's latest farce, "Walk This Way," is furnishing an absolutely new novelty for entertainment purposes. The farce is in two acts and four scenes. The opening and closing of the show is a distinct novelty and a sure seat-holder until the fall of the curtain. The best "razz" in the whole piece is the very last line. "Walk This Way" is interpolated by eighteen big musical numbers and sung by such leaders as Helen Clark, prima donna; Madame Mary Lombard, contralto; Goodrone Gale, basso, and Garnet Bannister, a lyric tenor, besides Billy Van Allen, Mae Collins and Mr. Clifford. At the Orpheum Sunday, September 26.—Advertisement.

PROCEEDINGS OF  
THE POLICE COURT

W. J. Boyd and C. E. Hubbard pleaded guilty this morning in the municipal court to charges of vagrancy and were given alternative sentences of a \$10 fine or ten days in jail.

H. Prigne, who got drunk last night, located himself in the operating chair of a lower Twenty-fifth street boot-black and abused the owner for insisting on his "moving along" was sentenced to serve five days in jail.

Mike Riley, a plain drunk, was given a suspended sentence and John Daugherty, who was arrested with Riley and accused by that gentleman of robbing him of \$25, was sentenced to remain in jail for five days. Riley withdrew the robbery accusation.

Fred McFarland forfeited \$3 bail. He was arrested last night for riding a bicycle on the sidewalk.

YOUNG NEGRO BOY  
HANGED FOR CRIME

Jackson, Ga., Sept. 24.—Joe Persons, a negro boy not more than 14 years old, was hanged here today for

assaulting an 8-year-old white girl. To half a dozen persons around the scaffold the boy admitted he committed the crime and stoically announced he was ready to die.

Although he weighed only seventy-five pounds his neck was broken by the fall. Officers did not attach weights to Persons, as had been suggested to them as possibly necessary to successfully execute him.

AMOUNT OF BIG  
LOAN IS FIXED  
Five Hundred Million Dollars  
Maximum Amount to Be  
Allowed Anglo-French  
Commission.

New York, Sept. 24.—Both parties to the proposed big credit loan to Great Britain and France were reported to be negotiating today on the basis of \$500,000,000 as the maximum amount.

The Anglo-French commission, it was said, was still inclined to insist that the loan should be greater than this amount; American financiers were reported to have informed the commission pointedly that this sum would not be exceeded.

Russia appeared to be out of negotiations as a participant. If it should appear necessary that she, too, establish a credit here, it seemed likely that independent arrangements would have to be made for her. Final decision on this point, however, was said to be deferred until such time as definite word should reach New York from Pierre L. Bark, six present believed to be in London conferring with Reginald McKenna, chancellor of the exchequer. Originally it was suggested that Russia be included in the plans for establishing the American credit.

The reported positive stand of American financiers to lend no more than \$500,000,000 was said to have been a leading factor in the virtual decision not to include Russia as a participant. With Russia in, it was said, the need would be for more than a half billion dollars.

On behalf of both parties to negotiations, it was said today that matters were progressing smoothly and satisfactorily. The commission and its American associates were said to be drawing near an agreement again and an announcement stating that a definite plan had been agreed upon was expected within a few days. But for the variance in views as to the size of the loan and several other matters, said to be of a minor nature, it was thought that such an announcement would have been issued last Wednesday.

It is the reported plan of the commission, when an agreement is reached, to conduct negotiations with a few big banking houses in this city as representatives of the American bankers in general. Heretofore, the negotiations have been characterized as conversations. Formal negotiations, in the British definition of the term, will not be opened until an agreement on essentials will have been reached.

ZAPATA BANDS  
AGAIN RAIDING

Famine Conditions Aggravated by Cutting of Railways—Serious Water Shortage.

Washington, Sept. 24.—Several raids by Zapata bands on the Vera Cruz-Mexico City railway have aggravated famine conditions in the capital, according to state department advices dated September 22, received here today. The city's water mains also have been partially disabled, the dispatches say, and the water shortage is becoming serious. The fuel oil supply, upon which the light and power services are dependent, virtually is exhausted. Food and sanitary conditions in the city were said to be bad. A consular report from Nogales,

Mexico, dated yesterday, said Carranza forces under General Calles had withdrawn entirely from that portion of the state. Villa troops under General Maytorena are holding the Cananea railway. Carranza civil authorities left Cananea September 22.

BELGRADE NOW  
WELL FORTIFIED

Berlin, Sept. 24, via wireless to Tuckerton, N. J.—The Overseas News Agency says today: "It is reported that the city of Belgrade, Serbia, has been newly fortified and equipped with heavy British guns manned by British artillerymen."

Washington, Sept. 24.—A statement cabled to the Bulgarian legation here today by Premier Radelevoff announced that Bulgaria does not intend aggressive action against any of her neighbors and that her mobilization is not to be construed as indicating that she is about to enter the war.

POLICE HURT  
BY STRIKERS

Three Injured by Flying Bricks and Stones in Clash With Factory Strikers.

New Britain, Conn., Sept. 24.—In a clash with strikers at the Corbin screw factory of the American Hardware corporation here this afternoon, three policemen were injured by flying bricks and stones hurled by the strikers. One officer, George Ellinger, had his jaw broken. It was at first reported that one of the officers had been shot, but this was denied later at police headquarters. Trouble started when the police attempted to disperse a group of strikers near the plant. After quiet had been restored policemen with drawn revolvers remained on guard about the plant.
